## CECIL COOK TO RUN AT H. U. SPRING CLASSIC IN MAY

Cecil Cook, fleet runner of Syracuse University, who last year was victor in the National A. A. U. Championships, winning the quarter-mile crown, will compete in the National Open Championships at the Howard University Spring Classic Saturday, May 14, 1927. In this race, Cook will make an effort to establish a world's record for the quarter-mile run. He has been turning in some nifty quarters in indoor meets this year. He is just about at his best and ought to equal the outdoor mark, if he doesn't succeed in breaking the record.

It will be remembered that Cook, a few Saturday nights ago at the 102nd Engineers Armory in the Intercollegiate A. A. A. title meet, New York City, turned in one of the best quarters of the season. He was running anchor man on the Syracuse one mile relay quartette when this team defeated Georgetown, Holly Cross, Cornell and Yale in the fast time of three minutes, 21 4-10 seconds. This is 2-5 of a second faster than the record of the famous Georgetown team in 1925. All of the fans who have seen Cook run admire his fighting spirit. Whether he gets off to a good lead, or a discouraging handicap, he always runs an impressive quarter mile. He is, perhaps, the most consistent quarter miler in the country.

He is entered in the quarter mile open special at the Howard Meet. He will, doubtless, be required to give a large handicap to several fast steps in this event. The public will have the satisfaction of seeing, perhaps, the greatest quarter miler in the country perform in the new Howard University stadium for the first time. A large squad of men are kept busy daily working on the new cinder path.

## BISONS OPEN SEASON VS. STORER COLLEGE

### First Chance to Demonstrate New Material's Caliber

The Bison baseball team will open the season of the great American sport this afternoon at three o'clock. This is the first game to be played in the new stadium, and from all indications there will be a victorious baseball dedication, just as happened in football.

The Storer College nine has been a strong contender for some years, their brand of baseball being just a bit different from that of their football.

## LINCOLN WILL NOT PARTICIPATE IN HOWARD MEET

### Howard Acused of Trying to Rob C. I. A. A. Meet of Sectional Interest

Because of the change of date in the annual Howard Track Meet, Lincoln will not be able to participate in the cinder discussion on the 14th of May.

Late editions of some papers infer that Howard is attempting to destroy interest in the C. I. A. A. Meet at Hampton on the same date. Hampton and the other important contenders did not enter last year, nor would they this year; so the conflicting dates have no singular importance.

Lincoln is a member of the C. I. A. A. and of course will participate in that meet, but the matter of accusing the Bison of attempting to disrupt the interest in the Conference Meet is a most foolish one.

The cinder path on the Hill is not as yet in shape and to justify the reputation of this annual affair as the most important in Negro collegiate circles, there must be a fast and good track.

If the Bison did not care to meet Lincoln they would probably fail to enter the Lincoln Meet; but to the contrary the horns of the Bison will be lowered to the Pennsylvania soil in an effort to uproot any records that may have happened to grow there, or that have been transplanted.

## PAT MURPHY AT COLLEGE

(The New Student)

Pat Murphy is persona non grata at the University of Arkansas. In fact there are rumors that the fraternity brother who introduced him to the society of the campus elect has suffered mightily from the swinging barrel staves. . . .

Pat Murphy registered at the University in February. His Cadillac, golf sticks and pet bulldog soon won him seductive advancements from the "big" fraternities. They floundered after Pat, a local correspondent to the Kansas City Star wrote, "like depot taxi drivers after a lame man with heavy grips." And of course addresses of local bootleggers were showered upon him.

A few days ago twenty-five strangers arrived in Fayetteville and pounced upon eighteen bootleggers. They were taken before a United States Commissioner. A crew of abashed young collegians were also present.

"What do we do with these papers?" the students asked.

"Those are witness subpoenas."

## JUNIOR CLASS ELECTS OFFICERS FOR SPRING QUARTER

### Simon Douglass Elected President

At a meeting of the juniors on Tuesday, March 29, Simon A. Douglass was unanimously reelected president of the class. Mr. Douglas was retained despite his offer to decline nomination that other members of the class, quite as capable as leaders, might be given a chance at the presidency.

The unanimous choice of "S. A." as Mr. Douglass is familiarly known to the students, followed a brief speech by Mr. Walter Upperman in which he stated that the numerous accomplishments of Mr. Douglas since he has been in office, particularly the creation of a greater interest among juniors in matters pertaining to their class, warranted his retention as president of the class.

Other officers elected for the Spring quarter were as follows:

Vice president, Edward Beaubian; secretary, Miss Mildred Spurlock; treasurer, Lawrence James; chaplain, Howard Bailey; sergeant-at-arms, Mr. Barnes, and journalist, Miss Grace Williams.

Under its new officers the junior class is making elaborate preparations for its activities incident to cap and gown day, April 5.

Plans are also being made for the production of a one act play, the cast of which will be made up entirely of juniors, and for the annual junior-senior reception. No dates for these two events have been announced to this time.

WILLIAM TIGNOR.

## SWISS ADDRESSES GERMAN CLUB

### Noel Field Gives Interesting Talk

At the meeting of the German Club, on Monday, April 4, the members were afforded a rare treat in having Mr. Noel Field, who was born and reared in Switzerland, speak on "Life in Switzerland." His talk, delivered in German, was quite interesting and touched, here and there, upon the humorous.

Mr. Field introduced, during his talk, the subject of the contest now going on for essays on Germany and the League of Nations. These essays are to be written in conjunction with the contest for the best translation of the speeches of Briand in French, and Stresemann in German, for which prizes are also offered. Mr.

## YOUTH MOVEMENT STRIKES HOWARD CAMPUS

### Renaissance of Morals Claiming Student Thought

For the last few weeks, there has been a series of meetings being held under the auspices of various groups, to determine the causes of the conditions to be found around and about Howard. The Y. M. and Y. W. C. A.'s first began this movement, and it seems to have spread to several other bodies on the campus. It has been said that this is the customary Spring uprising of students at Howard, but it is hoped by those who foster the movement that it is a more lasting thing than its opponents would have it.

Interesting discussions in which large numbers took part, have been held in the Y. M. C. A. quarters on the subject of cheating in Exams, while the combined Associations of the young men and young women have taken over the Wednesday evening services for the purposes of giving the larger body of students a chance to come together and discuss the thing in all its phases.

As the outcome of the discussion on Wednesday, March 30, the fraternities and sororities have been invited to enter into the effort to make of Howard the school it should be.

This movement, too, is a part of the Youth Movement which seems to be sweeping the world, and which was brought to Howard by the Christian Association delegates to Milwaukee.

## PRIZE OFFERED FOR ESSAY ON SUICIDES

The New York Evening Post has offered a prize of \$100.00 to the college undergraduate who best explains the "Wave of mental depression sweeping through American schools and colleges."

"Has the American undergraduate a post war neurosis?" asks the Evening Post in announcing the offer. Just what is responsible for the melancholia which seems to have invaded the campus today. Does modern education foster much independent unguided thinking.

We have the opinion of university deans, faculty members and psychologists as to why this morbid tendency has spread among students. Now we would like to know how undergraduates interpret this abnormal

There is a move, and a most worthy one, afoot on the Campus, sponsored by the Women's League, to discourage the use of intoxicating beverages by the men of the University.

Howard is not unique in her new found situation; for the larger schools all over the country are being called upon to face the same problem in even more serious proportion. At one of our largest schools the Federal Prohibition Unit was given permission to send to the campus, as a student, one of its agents, who, thru the students, met the bootleggers supplying them and caused the arrest of the entire group.

The liquor evil, is not confined to the male student body in many institutions. The young women, as well, seem to delight in the exhilarating effects of the potent influence of Sir John Barleycorn. We believe and hope, that this evil will at least rest where it stands if it is not eradicated, but it does seem that the female of the species is determined in most cases to follow where the male leads—for curiosity's sake if nothing more.

We are of the opinion that the existing evil is not as great as some would have us believe. True enough, there is a certain amount of drinking being done on the campus and it should be discouraged, but disciplinary means is a bad way to eliminate it. The conference held Wednesday evening intimated that the faculty would shortly take legislative measures to discourage drinking. There are rules now relative to the possession of liquor by students. To call attention to the faculty attitude at such a time would be but to issue an invitation to daredevil youth to explore fields where some have not even cared to tread.

If the young women of the University are really alarmed at the situation they, and they alone, are the greatest factor in deterring further use. There is but one place these same young women come in contact with the presence of liquor, as far as the young men are concerned—at dances. We have attended most of those given on the Hill and we have yet to see the first instance of any young man who was so far under the influence of liquor as to be disrespectful or even noticeably drunk. The young women should agree to refuse the attention of any young man who drinks on any such occasion or who comes in their presence with liquor noticeably affecting him.

Here one of the students interrupted with:

"Look, there's o' Murph over there writing on a typewriter. Hey, Murph! Hey Pat! Wonder what he's doing here?"

"Murphy, eh? Pat Murphy?" one of the prohibition agents drawled. "Boys, that's Wallace from Louisville—prohibition de luxe. De luxe with a capital 'D' is what I mean."

The superintendent of construction predicts that this will be one of the fastest tracks in the country and the management of the meet expects some fast stepping, with the possibility of one or more new records being established. Other stars will be engaged to present their wares on this occasion.

Much excitement resulted on the University of Texas campus when the Honor Council announced its intention of posting names of those found guilty of cheating in examinations. A straw vote was taken by the Daily Texan revealing 108 students in favor of the plan and 384 opposed.

The next move will be an amendment to the honor system prohibiting this disciplinary measure.

HOWARD WOMEN TO VISIT  
MEN'S DORMITORYEligible Bachelors to Present  
Housekeeping Qualifications

It is rumored on the campus that the women of the University plan to descend upon the men's dormitory on or about Saturday, April 16, for the purpose of inspecting the rooms of the inhabitants with a view to determining the ability of the various gentlemen now domiciled in the dormitory to make good husbands.

It has long been claimed that the average college woman does not desire or intend to be a housekeeper, so from our own observation, we should say that the men of Clark Hall, as a general thing, will, in the words of the soldier in the Great War, "Make some college women good wives."

At any rate, the men can be counted upon to put the best foot foremost, as is usually the case, where the ladies are concerned, and after the inspection, refreshments will be served in the Y. M. C. A. Recreation Rooms.

Saturday afternoon will see the most interesting game of the season staged on the hardwood at the Lincoln Colonnade when Morgan College, Collegiate Champions for two years, will meet an aggregation of picked fraternal stars of Howard University for the benefit of the Howard University Medical School Endowment Fund.

The men who will play for the Fraternal Star quintet are Carpenter, Hill, Bundrant, Coates, Berry, Whitted, Goff and Washington. The Morgan College regular five will begin with their unvarying lineup.

This game should attract a record crowd and is a worthy effort to support the Medical Endowment drive now in progress. Social Washington will attend in all its pomp and splendor and there is no doubt but that this occasion will be one of the high lights of the present social season.

SWISS ADDRESSES GERMAN  
CLUB

Continued from page 1

Field declared that the response in American colleges and universities was remarkable, and he expressed the hope that Howard students would be alive to this opportunity as they seemed to be to life in general.

He expressed himself as being well pleased with his visit to Howard and with the attitude of the students, and assured the members of the society that he would long remember their reception of him.

The first Negro to hold a federal office was Ebenezer Don Carlos Bassett, who was appointed minister resident and consul general of the United States to Haiti by President U. S. Grant in 1869.

## PRESIDENT HOPKIN'S PLAN

Dartmouth President Proposes  
Three Drastic Football  
Reforms

(The New Student)

President Ernest Hopkins, of Dartmouth, has a plan for saving college football both from its defenders who shut their eyes to imminent "dangers" and from its enemies who would annihilate it altogether. In a letter to the president of the Dartmouth Athletic Council he outlines his proposals for saving the sport from its much alleged excesses.

The three following changes are suggested by President Hopkins:

First, eligibility for participation in intercollegiate football on varsity teams to be limited to men in their sophomore and junior years in college;

Second, intercollegiate football contests in the major games of the schedule to be arranged on a reciprocal basis, by which each college should develop from the varsity squad two major teams, one of which should play on the rival's home grounds;

Third, all coaching to be done by undergraduates, presumably by seniors who had acquired knowledge and experience during their participation in intercollegiate athletics previously.

## To Democratize Football

Restricting eligibility to sophomores and juniors would in itself, President Hopkins explained, "open up the possibility of participation in intercollegiate sport to a considerably increased number of men. The necessity of developing two teams, between whom there should be no distinction in rank, would further tend to bring a much larger number of men to an interest and active participation in the game. And this latter proposal would diminish the possibility of the public and the press from focussing their attention on a restricted group of men or upon individuals, and would aid and abet the tendency to attach importance to team play rather than to individual stars."

"I am convinced from my own acquaintance with athletes," President Hopkins wrote, "that the man who goes to college for an education and who is incidentally an athlete, often-times gets about as much intercollegiate football as he wants by the end of his junior year."

## For Studious Footballers

"At any rate, I think that the proposed plan would make the senior year of the college football players a very different thing from what it is at the present time, and that the man who was really possessed of a dominating desire for an education could pick up the threads of his previous work and capitalize the efforts of his previous three years to an extent which has not been possible before..."

Proselyting of athletes by graduates would be lessened by this plan, the President continues.

"My own belief is that the athletically minded alumnus would find considerably less interest attached to sending a preparatory school star on to his own college if this man were to be but one of the greatly enlarged group which would be participating in intercollegiate athletics..."

President Hopkins suggested a thorough investigation into the report as it is played today before any action is taken. He believes that the

## DO YOU REMEMBER ?

plan would be carried through if a group, say, including Harvard, Yale, Cornell, Princeton, Pennsylvania, Brown and Dartmouth should agree as individual colleges to accept the general specifications.

An Associated Press canvass of nine Eastern colleges found the presidents and head coaches generally opposed to the plan or else diplomatically non-committal. President Marsh of Boston University was the only executive to express unqualified approval.

#### DENNIS SIMPSON ENDS SEASON WITH ATHENIANS IN HALO OF GLORY

##### Former Hilltop Star Adds to His Laurels

Dennis Simpson, who finished the season with the Athenian quintet, of Baltimore, lived up to his reputation gained in collegiate circles as one of the best performers in the game in his playing with the rugged masters of the art.

The "Bronze Apollo," a favorite wherever he has gone, has proven the terror of all opposition. Altho the Athenians were defeated in their final game with the Morgan College champion outfit, all sports writers gave him credit as being the cause

of as good a showing as the Athenians did make.

The Bison will miss his healthy swing and dazzling performance at first in this baseball season.

#### BASEBALL TEAM ROUNDS INTO FORM

The baseball team has been working out daily and is gradually rounding into form. Virtually all of last year's team is out with the exception of Simpson, stellar first baseman. The team will be materially strengthened by several promising rookies who have reported for practice. The pitching staff will be bolstered by the addition of Hall, Gaskins and Hammond. Among the outfielders are West, Walker, \_\_\_\_\_ and Cooper.

The gap at first base will probably be filled by Lomax, who is performing creditably at the initial sack. The season will be ushered in with the strong Storer College nine as the opponents. The ground keepers have been working daily getting the New Stadium diamond in shape for the games.

The Stylus Club held its regular meeting at the Alpha Kappa Alpha Sorority House, University Campus, on Monday evening, April 4, 1927. Original compositions submitted by students aspiring for membership in The Stylus Club were read and discussed. Those elected to membership are: Gladys Jameson, John Anderson, Andrew Lanier, Walter Merri-

The present aim of the organization, according to the Scribe, is "to give an academic balance to the recent body of literature by and regarding Negroes, and to thus produce works which will register significantly in the Negro Renaissance."
